

Safe Place Healing Hearts

The SPHH Program will work to improve access to advocacy services and other resources for both victim and potential victims of sexual assault, domestic/dating violence and stalking through the provision of direct services and the building of referral networks among service providers, in addition to promoting awareness, intervention and prevention of these crimes

Safe Place Healing Hearts

Doris Long,
Program Director
Tel: 580-298-2921

The overall aim of the “Safe Place Healing Hearts Program” is to enhance the safety, and meet the emotional and physical needs of rural victims of sexual assault, domestic violence, dating violence and stalking through delivering appropriate services to victims in Choctaw, McCurtain and Pushmataha counties.

Victim Advocacy

Victim Services Coordinators will assist victims of crime through direct service provisions such as linking victims to resources that will serve their physical, emotional and basic needs. This program strives to promote the dignity and self-sufficiency of victims.

As a result of increased coordination through community awareness the rate of reporting sexual assault, domestic dating violence and stalking will increase the rate of evidence based prosecution of these cases through evidence collection, training and documentation.
