LITTLE DIXIE COMMUNITY ACTION AGENCY, INC.'S

STRATEGIC PLAN

2020 - 2023

Board Approved
February 11, 2020
EXECUTIVE SUMMARY

In 1968, three separate Community Action Agencies in Choctaw, McCurtain and Pushmataha Counties merged to better meet the needs of residents in Southeast Oklahoma. Little Dixie Community Action Agency, Inc. was incorporated as a Non-Profit Organization on April 4, 1968. The agency's purpose, as stated in its original Articles of Incorporation was “To assist in developing, executing and coordinating plans and the programs authorized under the Economic Opportunity Act of 1964. Throughout its history, Little Dixie has progressively grown, adding new programs and services to meet the needs of the area, especially its most vulnerable populations.

On October 24, 2019, Little Dixie Community Action Agency, Inc. enlisted the assistance of Strategic Planning Consultant and Nationally Certified ROMA Trainer – Julia Teska, PhD. to conduct a Strategic Planning Meeting which was critical to determining priorities, establishing goals, and creating objectives.

A multi-faceted analysis was completed with Executive Leadership Staff, Board of Directors and other key staff prior to the planning session, including an analysis of the agency’s mission, vision and values, review of agency’s programs and their alignment to the agency, and a Strengths Weaknesses Opportunities and Threats (SWOT) analysis. All activities were completed in individual and group activities to ensure maximum participation amongst the staff and board members during the strategic planning process.

The goal of this plan is to outline and provide direction on how Little Dixie Community Action Agency, Inc. will address the needs of residents as identified in our most recent Community Needs Assessment (2019). Primarily, Little Dixie Community Action Agency, Inc. will focus on program development rather than on client outcomes to ultimately meet the needs of the community and not just the agency which is critical to fighting the war on poverty.

PLANNING PROCESS

Development of the planning process included the following two major phases with multiple steps and analysis in each phase. The report that follows is organized in these two phases as well.

ASSessment

GOALS & OBJECTIVES

Setting goals and determining objectives to establish the results to be achieved, determining specific outcome measures, and deciding on a means to achieve the results. Based on strategic needs determined by information gathered in the assessment phase.

Assessment - Input from community, internal and external stakeholders.
Needs - Identified based on input from assessment phase.
Goals & Objectives - Strategies used to meet the determined needs.
ASSESSMENT

The assessment phase included a review of the agency's environment, programs, activities, mission, vision and value statement.

AGENCY REVIEW

On January 14, 2020 Little Dixie Board of Directors completed a Strengths, Weaknesses, Opportunities and Threats (SWOT) analysis in order to obtain a clear picture of both resources and deficiencies confronting the organization. The ongoing collection and analysis of customer satisfaction surveys will remain central to Little Dixie’s plan being representative of the full ROMA cycle. Customer Satisfaction surveys are collected on an ongoing basis including paper and online surveys. All surveys are directed to the ROMA Coordinators attention and transferred to an agency database. Little Dixie’s Board of Directors is provided with quarterly updates regarding the number of surveys collected for the reporting period, program and/or programs for which customers completed surveys, responses and percentage of each and analysis of internal and external factors and their actual or potential impact on the survey responses. Results of the 221 Customer Satisfaction Surveys, collected in 2019, were reviewed and analyzed in comparison to the input gathered in the previous phases of the planning process.
